

## BISHOP LOVEDAY CHURCH OF ENGLAND SCHOOL

### NEWSLETTER T6-2 22-23

*Be kind, be honest and have courage to live 'life in all its fullness' (John 10:10)*

Friday 16<sup>th</sup> June 2023

Dear Parents and Carers,

What a lovely way to end the week with non-uniform day! Thank you so much for the donations of bottles for our tombola. We still need volunteers to help with the bar and/or BBQ at the fete (Friday 30<sup>th</sup> June) if anybody is available. Please could you email [fobls@outlook.com](mailto:fobls@outlook.com) or inform Gill Robson or Stephanie Roberts.

Our eco reps had a lovely time at Planting in the Park. Thank you to Mrs Shadbolt for taking them and Miss Morrell for helping with their art activity. The children were impeccably behaved and were a credit to our school.

We are having a number of students who are being picked up late from clubs and from WACKY after 6pm. We have never charged but this is becoming a regular occurrence and it is not fair on the staff who also have families to get back to. In our policy, it does state that there should be a charge for late pick up (after 6pm) of £10 for every 15 minutes. With the earlier pick up, if you are continually late then please book for the longer session. We thank you for your understanding.

Please be aware that the Wykham Lane will be closed next week w/c 19<sup>th</sup> June for approx.. 5 days. Please allow more time to get to/from school to avoid getting a late mark.

We are also looking for Lego, cars, dolls and plastic toys for our children to use at playtimes in our courtyard area if anybody is having a sort out. If anybody would like to make us a mud kitchen as well over the summer, please do get in touch.

Please click here for current vacancies at Warriner and BLS:

Have a lovely weekend.

Kind regards,

Mrs Dee Loader

## Sports:

**BGN Year 6 Leadership Workshop:** This week our year 6 pupils who are moving to BGN in September had the opportunity to attend a leadership workshop. They were joined by their peers from St Joseph's school and current year 7 BGN pupils who attended the same event last year.

They had the chance to talk to each other about their concerns and ask questions to the BGN pupils about what they might expect at their new school. They then worked together practising different sports activities in preparation for the year 3 multi skills festival next week. They will deliver this friendly festival to year 3 pupils from different local schools.

Well done everyone - we look forward to seeing you in action next week.

## Our exciting week of learning:

**Early Years** have been learning about Astronauts, Aliens and the Moon. We had a very exciting day on Tuesday, something crash landed in our garden! We were left with the questions who was there? And where have they gone? We all created 'wanted' posters to warn our wider community that there may be Aliens about!

**Year 1** have worked incredible hard for their phonics screening. We have enjoyed learning outside in the sunshine and we have started looking at the value of money and coins.

**Year 2** have been making music using a simple computer programme. They used the tool bar to add instruments and changed the volume and tempo. In literacy we have been learning how to write in the first person and in maths we have continued to learn about position and direction.

**Year 3** have had another warm and busy week. We are so proud of how well the children have focussed and engaged in their learning this week, especially in the heat and considering we have done our reading and Maths assessments. The children are also enjoying our writing to entertain lessons this week, where they are writing some excellent pieces of work to describe a journey on a Viking longboat. The children try hard to include year 3 features of writing which we love to see!

**Year 4** have been working hard on their narrative writing skills to produce an exciting story about a swamp monster. Miss Stafford and I can't wait to read the finished pieces next week! They have also been learning about our local rivers and canals and can probably impress you with some of their new Geography vocabulary to identify features of rivers.

**Year 5** have had an excellent week exploring their topic 'Earth and Space'. They have learnt about the moon in science and Stone Age astronomy in history. During literacy, they have written some incredible pieces on Pandora. In PE, they have been getting stuck into their athletics unit and learning how to efficiently use the down-sweep transition with a baton in relays.

**Year 6** have been enjoying rehearsing their production. One week to go before curtains are up for the first dress rehearsal!

## Eco Reps:

Some of our Eco reps attended the **Planting in the Park** event this week. They worked incredibly hard to design and plant a flower bed and the results looked very professional. They showed great teamwork, leadership skills and perseverance especially during the hot weather and were a joy to take to the event. Thank you to Mrs Grant and Miss Shadbolt for coming along to support and Mrs Bridge for driving us there and back and a very special thank you to Miss Morrell for giving up her lunchtimes to help our Eco reps make the centrepiece for our flowerbed! We all had a great time and the children should be very proud of themselves! Their work will be in People's Park to admire throughout the Summer!

## What Parents & Carers Need to Know about

# WHATSAPP

UK AND EUROPE  
**16+**  
THE REST OF THE WORLD

WhatsApp is the world's most popular messaging service, with around two billion users exchanging texts, photos, videos and documents, as well as making voice and video calls. Its end-to-end encryption means messages can only be viewed by the sender and any recipients; not even WhatsApp can read them. Updates to its privacy policy in 2021 (involving sharing data with parent company Facebook) caused millions to leave the app, but the new policy was widely misinterpreted – it only related to WhatsApp's business features, not to personal messages.

### WHAT ARE THE RISKS?

#### SCAMS

Fraudsters occasionally send WhatsApp messages pretending to offer prizes – encouraging the user to click on a link to win. Other common scams involve warning someone that their WhatsApp subscription has run out (aiming to dupe them into disclosing payment details) or impersonating a friend or relative and asking for money to be transferred to help with an emergency.

#### DISAPPEARING MESSAGES

Users can set WhatsApp messages to disappear in 24 hours, 7 days or 90 days by default. Photos and videos can also be instructed to disappear after the recipient has viewed them. These files can't be saved or forwarded – so if your child was sent an inappropriate message, it would be difficult to prove any wrongdoing. However, the receiver can take a screenshot and save that as evidence.

#### ENABLING FAKE NEWS

WhatsApp has unfortunately been linked to accelerating the spread of dangerous rumours. In India in 2019, some outbreaks of mob violence appear to have been sparked by false allegations being shared on the app. WhatsApp itself took steps to prevent its users circulating hazardous theories and speculation in the early weeks of the Covid-19 pandemic.

#### POTENTIAL CYBERBULLYING

Group chat and video calls are great for connecting with multiple people in WhatsApp, but there is always the potential for someone's feelings to be hurt by an unkind comment or joke. The 'only admin' feature gives the admin(s) of a group control over who can send messages. They can, for example, block people from posting in a chat, which could make a child feel excluded and upset.

#### CONTACT FROM STRANGERS

To start a WhatsApp chat, you only need the mobile number of the person you want to message (the other person also needs to have the app). WhatsApp can access the address book on someone's device and recognise which of their contacts also use the app. So if your child has ever given their phone number to someone they don't know, that person could use it to contact them via WhatsApp.

#### LOCATION SHARING

The 'live location' feature lets users share their current whereabouts, allowing friends to see their movements. WhatsApp describes it as a "simple and secure way to let people know where you are." It is a useful method for a young person to let loved ones know they're safe – but if they used it in a chat with people they don't know, they would be exposing their location to them, too.

## Advice for Parents & Carers

CLICK HERE

#### CREATE A SAFE PROFILE

Even though someone would need a child's phone number to add them as a contact, it's also worth altering a young person's profile settings to restrict who can see their photo and status. The options are 'everyone', 'my contacts' and 'nobody' – choosing one of the latter two ensures that your child's profile is better protected.

#### EXPLAIN ABOUT BLOCKING

If your child receives spam or offensive messages, calls or files from a contact, they should block them using 'settings' in the chat. Communication from a blocked contact won't show up on their device and stays undelivered. Blocking someone does not remove them from your child's contact list – so they also need to be deleted from the address book.

#### REPORT POTENTIAL SCAMS

Young people shouldn't engage with any message that looks suspicious or too good to be true. When your child receives a message from an unknown number for the first time, they'll be given the option to report it as spam. If the sender claims to be a friend or relative, call that person on their usual number to verify it really is them, or if it's someone trying to trick your child.

#### LEAVE A GROUP

If your child is in a group chat that is making them feel uncomfortable, or has been added to a group that they don't want to be part of, they can use WhatsApp's group settings to leave. If someone exits a group, the admin can add them back in once; if they leave a second time, it is permanent.

#### THINK ABOUT LOCATION

If your child needs to use the 'live location' function to show you or one of their friends where they are, advise them to share their location only for as long as they need to. WhatsApp gives a range of 'live location' options, and your child should manually stop sharing their position as soon as it is no longer needed.

#### DELETE ACCIDENTAL MESSAGES

If your child posts a message they want to delete, WhatsApp allows the user seven minutes to erase a message. Tap and hold on the message, choose 'delete' and then 'delete for everyone.' However, it's important to remember that recipients may have seen (and taken a screenshot of) a message before it was deleted.

#### CHECK THE FACTS

You can now fact-check WhatsApp messages that have been forwarded at least five times, by double-tapping the magnifying glass icon to the right of the message. From there, your child can launch a Google search and decide for themselves whether the message was true or not.
